

CQS Accreditation Assistance Package

It is a major but a good step for a firm to apply for CQS accreditation by the Law Society. It will take a lot of your time but should be of help to your business. However, how do you juggle that with all of your other responsibilities – and will you succeed?

We can help you.

This is a project with a one-off charge which depends on the readiness of the firm to meet the standards and the preparation required. The Initial charge of £500 + VAT is to be paid up front, any other charges (see below) to be agreed and then paid up front before delivery. Please note: if you have bought or are buying/subscribing to our Office Procedures Manual Service the £500 fee will be reduced to £250 + VAT.

What we will do

Review of your draft application, advice on what you need to change and assistance with answering questions raised by the Law Society on your application. If it transpires that more work is required we will discuss how we can help.

All work is carried out remotely unless by separate arrangement.

Our Charges

£500 + VAT

(We often find that firms are not ready to make the application and require a Compliance Plan, Business Plan and Finance Plan, Cyber Essentials in addition. We can assist with these at a cost of £250 + VAT each, such to be discussed and agreed before being incurred.)

You can use the application as an opportunity to look at how your business operates and how you can drive it to produce more profit. If you are interested in doing this then please contact our lead consultant, Ingemar Hunnings, on 07887 524507 or ingemar@hunningsconsultancy.co.uk
